PH438 PUSH LOK HOSE MSHA

Construction

Inner tube synthetic rubber - black resistant to oil and water

Reinforcement Textile Braid

Cover Synthetic rubber - black resistant to abrasion and weather, oil & ozone with smooth cover finish. Other colours upon request.

Application The Push-Lok hose is a multipurpose, long-lasting and user-friendly hose system made for automotive and industrial use. It is widely used in environments where ease of assembly and reliability are critical. Push-Lok hoses are often employed in hydraulic, pneumatic and fluid handling systems, offering secure and leak-free connections without the need for clamps, fittings, or special tools.

Optional Cover Colours

Red **Yellow** **Blue** **Green**
