

PH138 - HYDRAULIC BRAKE HOSE

Applicable Standard : SAE J1401 /IS 7079

Construction

Item	Dash	DN	IO	0	\bigcirc			Ŵ				
Application		High-performance hydraulic brake hose with low volumetric expansion ensures constant brake reaction for two-wheelers, passenger cars and light trucks. Suitable for DOT3 and DOT 4 brake fluids										
Cover		EPDM rubber - black resistant to abrasion, weather & ozone										
Reinforcement		Double Textile Braids										
Inner tube		EPDM rubber - black resistant to hydraulic brake fluid
