PH707 - PRESSURE WASHER HOSE

Applicable Standard : Polyhose Proprietary Product

Construction

Inner tube	Thermoplastic Elastomer
Reinforcement	Single braid of synthetic fiber with single braid of steel wire
Cover	Polyurethane, Grey Color
Application	The hose features a steel-reinforced construction over a polyester layer, delivering enhanced strength and long-term durability. The polyurethane outer cover provides excellent flexibility and abrasion resistance. The hose is compatible with both hot and cold water applications and is designed to fit most commercial gas-powered pressure washers.
